World Primary Immunodeficiency Week
April 22nd – 29th, 2016

Jeffrey Modell Foundation Update
Alongside physicians, patients, families, & friends, the Jeffrey Modell Foundation celebrated World Primary Immunodeficiency Week.

45 countries & 110 locations worldwide joined the Jeffrey Modell Foundation as together we raised awareness & educated the public about the importance of earliest possible diagnosis and access to treatment for patients with Primary Immunodeficiency!

We stood together, each in our own part of the world, and set balloons & bubbles free. We will stand together and continue to save lives.
As our excitement grew we counted down the days to this wonderful week of awareness, education, and celebration!
We even had some help from the stars of our “When I Grow Up…” PSA Campaign!
The Mayor from our award winning Global PI Village came by too!

Happy Annual JMF WPIW Balloon Launch Day!

We are so grateful for everyone who participated in our “uplifting” event!
As is tradition, JMF’s inaugural social media post honored our Founder’s strength, courage, and legacy.

Jeffrey Modell Foundation

On the first day of World PI Week, we want to honor our Founder, Jeffrey Modell. He may not have met all the lives he touched... but his courage, determination, and strength continues to encourage us to create Awareness, Education, and Advocate for all those affected by PI and inspires us to continue our mission of Hope, Advocacy, and Action each and every day! #JMF #PrimaryImmunodeficiency #WPIW #PIAwareness #GlobalPIAwareness
To which the PI Community came forth to share their appreciation for the movement he inspired.
